

# **CODE OF PRACTICE ON THE EMPLOYMENT OF DISABLED PEOPLE**

**We will provide this policy on request at no cost, in large print, in Braille,  
on tape or in another non written format.**

# Code of Practice on the Employment of Disabled People

## POLICY PURPOSE AND APPLICABILITY

It is widely recognised that disabled people are disadvantaged in the labour market; whether in access to job opportunities, employment or in the type of work obtained, and that they are often under represented in professional or managerial roles.

GHA is committed to equality of opportunity for disabled people within its workforce, in its services and their delivery. We are also committed to identifying and removing practices which discriminate against disabled people.

This Code of Practice takes account of the provisions of the Equality Act 2010 and supplements GHA's Equal Opportunities Policy and covers the following:

• Section A	Defining the term "disabled"	Page 2
• Section B	Objectives of the Code of Practice	Page 2-3
• Section C	Duty to Make Reasonable Adjustments	Page 3-4
• Section D	Recruitment	Page 4-5
• Section E	Shortlisting	Page 5
• Section F	The Interview	Page 5
• Section G	Recommendation for Appointment	Page 5-6
• Section H	Appointment to the post	Page 6
• Section I	Central Register of Disabled Applicants	Page 6
• Section J	Learning and Development	Page 6
• Section K	Health and Safety	Page 6
• Section L	Consultation	Page 7
• Section M	Monitoring	Page 7-8
• Section N	Complaints	Page 8

---

## SECTION A – DEFINING THE TERM “DISABLED”

The term 'Disabled' is applied to a variety of people with many types and levels of disability.

A person is considered to have a disability if he/she has or has had a physical or mental impairment which has a substantial and long-term adverse effect on his/her ability to carry out normal day-to-day activities.

The effect of impairment is long term if one of the following is true:-

- it has lasted for 12 months;
- it is likely to last for 12 months;
- If it is likely to last for the rest of the person's life.

---

## SECTION B - OBJECTIVES OF THE CODE OF PRACTICE

It is unfair to discriminate unjustifiably against employees or applicants on the grounds of their disability. Specifically, the objectives of this Code of Practice are to ensure that:-

## Code of Practice on the Employment of Disabled People

- disabled people who apply for roles within GHA should know that they will receive fair treatment and be considered against the criteria for the role;
- applications from disabled people for posts will be actively encouraged and, under the 'Disability Confident' initiative, applicants who meet the minimum criteria for a post will be guaranteed an interview;
- all disabled employees will have equal access to training and development opportunities;
- assistance will be given by Employee Relations to disabled employees as far as is reasonably practicable;
- Positive action policies may be developed, to remedy any under representation of disabled people employed by GHA.

Every effort will be made to retain an employee who is or becomes disabled and is no longer capable of carrying out his/her normal duties.

All employees will be made aware of the GHA's policy on the employment of disabled people. In addition, disability awareness training will be carried out for employees.

---

### SECTION C - DUTY TO MAKE REASONABLE ADJUSTMENTS

If an employee is disabled, or becomes disabled in the course of his/her employment with GHA, he/she is encouraged to tell us about his/her conditions. This is to enable us to support you as much as possible.

The duties and working conditions of disabled employees will be reviewed periodically, in light of any changes in their condition.

GHA will comply with the requirement to make "reasonable adjustments" to working arrangements or physical features of premises where they cause disadvantages for a disabled person. Reasonable adjustments may include:-

- making adjustments to premises;
- allocating some of the disabled person's duties to another person;
- transferring the disabled person to fill an existing vacancy;
- altering working hours;
- assigning the disabled person to a different place of work;
- allowing the disabled person to be absent during working hours for rehabilitation, assessment or treatment;
- providing or arranging for the provision of training;
- acquiring or modifying equipment or workstations;

## Code of Practice on the Employment of Disabled People

- modifying instructions or reference manuals;
- modifying procedures for testing or assessment;
- providing help reading/interpreting from Braille;
- Providing assistance.

We will seek advice and support from Access to Work as appropriate in any such cases and there may be financial support for required modifications. All options such as a re-allocation of duties, re-training or redeployment, must be fully considered. In those instances where these are not possible, Employee Relations must be advised by the line manager, in writing, of the action taken. Where other options are explored and these options include ill health retirement or dismissal on the ground of lack of capability, the employee will be given reasons in writing and will retain the right to pursue the matter through the usual appeals procedure. Careful consideration will be given to any such proposals and they will be accommodated where possible and proportionate to the needs of the employee's role. Nevertheless, there may be circumstances where it will not be reasonable for GHA to accommodate the suggested adjustments and we will ensure that we provide employees with information as to the basis of our decision not to make any proposed adjustments.

If a disabled employee is unable to continue carrying out existing duties (after any reasonable adjustments have been made), every effort will be made to find suitable alternative role within the Wheatley Group with re-training provided where necessary. This will also apply where an employee becomes disabled during the course of their work.

---

### SECTION D - RECRUITMENT

All vacancies will be considered suitable for disabled applicants, unless there are justifiable restrictions, which prevent such a positive stance being adopted.

The Employment Service has developed the 'Disability Confident' Disability Symbol so that people with disabilities will know which organisations will be positive about their abilities. The GHA uses the symbol, reflecting its commitment to good practice in the treatment of disabled people.

All organisations using the symbol are required to commit:-

- to interview all applicants with a disability who meet the minimum criteria for a job vacancy and consider them on their abilities;
- to ensure there is a mechanism in place to discuss, at any time, but at least once a year, with disabled employees what GHA and they can do to ensure that they can develop and use their abilities at work;
- to make every effort when employees become disabled to ensure that they stay in employment with a Wheatley Group organisation;

## **Code of Practice on the Employment of Disabled People**

- to take action to ensure that key members of GHA develop the awareness of disability needed to make the commitments work;
- Each year, to review these commitments and what has been achieved, plan ways to improve them and let all employees know about progress and future plans.

Advertisements inviting people with disabilities to apply for opportunities in GHA will be placed in specialist journals if appropriate. Advice can be obtained from Employee Relations. Before a job opportunity is advertised, an up to date role profile and person specification will be prepared in line with GHA's Policy on the Recruitment and Selection of Staff. Any factors, which unnecessarily debar or limit the appointment of a disabled applicant who otherwise meets the recruitment criteria as contained in the role profile and candidate specification, will be identified and eliminated, where possible, at this stage.

Where it is not possible to eliminate all restricting factors and a job opportunity is unsuitable for applicants with particular types of disability, Employee Relations must be satisfied as to the validity of the restrictions before the job opportunity is advertised.

### **Note:-**

No recruitment form will be passed for advertising until it has been checked and authorised by the Workforce Planning Team.

---

## **SECTION E - SHORTLISTING**

Where an application is received from a disabled person, Employee Relations will inform the manager responsible for shortlisting. Should there be any disabled applicant who fails to be shortlisted for interview; the manager will discuss this with Employee Relations before making any arrangements for interview.

Any disabled applicant who meets the minimum criteria for a post is guaranteed an interview. The only exception is where Employee Relations have agreed to the job being unsuitable for applicants with particular types of impairment.

---

## **SECTION F - THE INTERVIEW**

Candidates invited for interview should be asked if they require any additional arrangements made to enable them to attend or to assist them. During the interview, the Chair of the panel should outline the systems of support available within GHA and should make a note of any facilities which would be required if the candidate were appointed.

Discussions on the requirements relating to the applicant's disability should not impinge on the time allocated for interview.

---

## **SECTION G - RECOMMENDATION FOR APPOINTMENT**

Where a disabled candidate has been interviewed and is unsuccessful, prior to any offer of appointment being made, the Chair of the Interviewing Panel should contact

---

## **Code of Practice on the Employment of Disabled People**

Employee Relations and outline the reasons for the selection decision. The reasons will be recorded in detail on the Interview Assessment Form.

---

### **SECTION H - APPOINTMENT TO THE POST**

Where a disabled candidate is recommended for appointment, the Chair of the Panel should discuss with Employee Relations any requirements needed by the candidate.

If appropriate, and following discussion with the disabled employee, it may be helpful to advise the line manager and the Health & Safety Department of certain aspects of the employee's condition.

Employee Relations will provide support and guidance to both managers and the disabled employee, as requested, to ensure that any arrangements or equipment are working satisfactorily and that any unforeseen problems are being dealt with in a sensitive way.

---

### **SECTION I - CENTRAL REGISTER OF DISABLED APPLICANTS**

A central register will be held by Workforce Planning detailing all disabled applicants for externally advertised posts.

---

### **SECTION J - LEARNING AND DEVELOPMENT**

All managers throughout GHA have responsibility for ensuring that employees receive such training as will enable them to meet the requirements of their roles effectively, and to ensure that they are kept informed of the opportunities available for career development. It is the responsibility of each manager to ensure that all disabled employees have equality of access to training and development.

When nominating a disabled employee to attend a course, managers should advise The Academy at least 4 weeks in advance if possible. The Academy will advise training providers of any particular access or other requirements and any necessary arrangements e.g. relocation of a course or transcription of material.

Disability Awareness training will be made available for Employee Relations staff and managers to enable them to fulfil their roles effectively.

As part of a programme of Positive Action, Disability Awareness training will be made available to all employees. The training will cover GHA's policies on disability as well as addressing issues associated with disability.

---

### **SECTION K - HEALTH AND SAFETY**

It is the responsibility of managers to ensure a safe working environment for all employees, and that specific arrangements are made for safe access and egress and fire evacuation for all disabled employees.

Wheatley Group Services' Health and Safety department will provide advice on adaptations to equipment, accommodation or buildings.

---

## Code of Practice on the Employment of Disabled People

---

### SECTION L - CONSULTATION

In line with the requirements of the 'Disability Confident' initiative, GHA will consult on a regular basis with representatives of disabled employees. The purpose of these meetings will be to:-

- improve communication;
- Consult on the effectiveness of GHA's policy with regard to disabled people.

We will undertake to consult with disabled employees at any time, and at least once a year, about their needs; to ensure that they have the opportunity to develop and use their abilities at work.

---

### SECTION M - MONITORING

Monitoring of the effectiveness of GHA's Equal Opportunities Policy and this Code of Practice will be undertaken as outlined below.

Workforce Planning will prepare an Annual Report for submission to the Management Committee detailing:-

- the number of disabled employees in GHA (including information on grade, gender and ethnicity);
- the variance from the previous calendar year;
- the number of disabled employees who applied for vacancies in the last 12 months (including information on the grade of the job opportunities applied for);
- the number of disabled applicants who were:-
  - short-listed for interview;
  - appointed to posts;
- the number of employees who become disabled during the course of their employment and the action taken;
- What positive action has been taken to increase the number of disabled employees over the last 12 months.

Workforce Planning will also prepare an action plan on disability for the following year, which will include:-

- a target number of disabled people to be employed by GHA by the end of the next 12 month period, together with an indication as to how this will be achieved;

## **Code of Practice on the Employment of Disabled People**

- what action will be taken by GHA to eliminate barriers/improve access for disabled people e.g. increasing accessibility to information/buildings, arranging Disability Awareness training for employees;
  - an assessment by GHA of the steps, which it has taken to comply with the provisions of this Code of Practice;
  - An analysis will be made on an annual basis, of complaints submitted to Employee Relations under the complaints/grievance procedures to see if any patterns emerge or any changes are required to the provisions of this Code of Practice.
- 

### **SECTION N - COMPLAINTS**

Any employee/applicant, who considers that he/she has been treated unfairly or discriminated against on the grounds of his/her disability, may raise a complaint through the agreed procedures for dealing with complaints/ grievances.

---
